Description of Problem or Suggestion:

In the design documents, when the objectives of Release A are given, include supporting V0 data migration to the ECS and user access to migrated data from the ECS.

Originator's Recommendation

GSFC Response by: **GSFC Response Date** 3/8/95

Per Greg Hunolt, DAACs have been working on defining V0 data sets to be migrated.

Agree. The updated versions of the CSMS design documents (specifically, the CSMS Requirements Specification and the CSMS Design Specification) will indicate that support of V0 data migration to the ECS and user access to migrated data from the ECS are objectives of Release A.
